

Solar School Beacon Base Plate - AI-900-011-03

Overview

The Applied Information AI-900-011-03 School Beacon Base Plate is designed for seamless retrofitting into solar-powered school zone flasher cabinets, ensuring quick, efficient installation with substantial time-saving benefits. Engineered for extreme temperature conditions, it features low power consumption ideal for solar setups and includes the Morningstar SunSaver solar charger for optimized power management. The built-in local override switch allows on-site testing of the school zone flashers, enabling manual activation of the beacons without relying on pre-programmed schedules—simplifying maintenance and functionality checks directly at the beacon location.

Features & Benefits

- ✓ Compatible with AI-500-070 Timer Switch
- ✓ Dimensions: L 13" X W 4" x H 10"
- ✓ Can be custom made for large quantity orders
- ✓ Low power consumption
- ✓ Morningstar SunSaver Solar Charger
- ✓ Peak efficiency charging of over 97%
- ✓ Local override switch
